The Right Fit.....For You

An inclusive workplace is one where the human rights principles of fairness, respect, equality, dignity and autonomy are promoted and are part of the organisations everyday goals and behaviour.

At DCM, we aim to provide you with all the information you need to ensure that everybody in your organisation is fully protected. Why should diversity and inclusion matter to you and your organisation? The answer lies in that one thing we all strive for, success.

Mounting evidence shows organisations that are more diverse and inclusive outperform those that are not. In Business, everything changes, and with that, its happening all the time. This one day course, provides a proactive approach to managing equality in today's workforce.

The course is very interactive. We can incorporate real life case studies to aid group discussions and practical exercises to allow learners to identify and challenge unconscious and conscious bias.

Finally, the course outlines the benefits of diversity and inclusion as a strategic approach to meeting the organisation's goals.

Below you will find a proposed course outline. Our trainer will also work with you before the course to get your input and tailor the content as needed.
