# The Right Fit.....For You

**Our MS Project Management course has been designed to help you develop the knowledge and skills necessary to use MS Project effectively to manage and control projects.**

Our one-day **MS Project Management** course will teach you the fundamentals of MS Project, **how to work with the data and manage resources, how to set up project monitoring tools and customise your projects.**

This course is highly practical and each learner will have **the opportunity to work on their own projects** and practice setting up resources, tasks, dependencies, schedules, milestones etc. and generating reports. The course also looks at how the application **can be tailored to customise your project views.**

The course is suitable for new and existing team/project leaders, project managers and anyone who needs to understand project plans and reports.

*"Everyone thought Andrew was great and the course really developed their skills as internal trainers."*

**Dearbhla Casey, HR Manager, Irish Country Meats**

*"We are all very happy with the training carried out last week & will definitely be in contact in the future."*

**Aoife O'Rourke, Key Account Manager, Tool & Plastic**

*"Great exercises, very relaxed and great models to explain, learning process and delivery of the information."*

**Jonathan Latimer, Fleet Training Instructor, City Jet**

# Why Choose Our MS Project Course

DCM Learning's MS Project Management Course provides the learner with an understanding of the first principles of Project Management Planning techniques, and how to use Microsoft Project, to construct their projects into manageable components.

## Specific reasons to choose this course:

**Experienced:** We have trained over 246 individuals successfully in Microsoft Project Management over the last two years.

**Support:** 15 full-time training consultants plus support staff (21 in total). We are large enough to be well resourced but small enough to care.

**Excellent Trainers:** Our trainers combine professional training know-how with relevant experience in their chosen training field.

**Quality Assured Training:** Make sure you Safeguard Your Training Investment. DCM offer courses accredited by national and international certification bodies, including QQI, PMI, IASSC, and Scrum.org.

# Inhouse Training, One Size Doesn't Fit All.

**Does your team need MS Project training? DCM Learning has a full range of training courses available for your team and company, in-house or off-site.**

Based on your requirements, we will develop a custom-made lean training programme and deliver it specifically for your employees in a chosen location - giving them the exact skills and knowledge they need whilst saving on venue hire, travel, time and associated expenses.

Each daily session will be delivered onsite at a location of your choosing over a 7-hour period. We are flexible on group size, but for group sessions we would recommend a maximum of 15 people to allow for the more interactive elements of the course.

Below is an overview of our Inhouse Training Delivery and Costs:
